George B. McClellan Elected Mayor of Greater New York by a Plurality of 61,414.

BECKHAM, KENTUCKY, REELECTED

In Ohio the Republican Ticket Was Elected by a Plurality of Probably Over 100,000.

Gov. Bates Was Re-Elected in Massachusetts By Practically the Same Piurality as Last Year-Contests in Other States.

OHIO.

Cineinnatl, Nov. 4.-Complete returns from the city of Cincinnati give Herrick 44,149, Johnson 17,335, a plurality for Herrick of 26,814, making a republican gain of over 11,000. The entire republican ticket of Hamilton county is elected, includ-ing three senator and ten representatives. The republicans earried every one of the 24 wards of the elty.

24 wards of the elty.

Columbus, O., Nov. 4.—Tho democratic state committee gave out no statements. Tuesday night. The republican state committee at 10:30 p. m., through Chairman Dick, announced that the plurality for Herrick over Johnson for governor would exceed any plurality ever given a governor in Ohio, and that the republican majority on joint ballot in the legislature for the re-election of Senator Hanna would be over 100.

Columbus, O., Nov. 4.-The republicans broke their record in Ohlo Tuesday in pluralities for governor by electing Coi. Myron T. Herrick, republican, over Tom L. Johnson, democrat, by considerably over 100,000. The plurality on joint ballot of over 100 in the legislature for the re-election of Senator Hanna more than doubles any previous record. Senator Foraker had a record-hreaking majority of 85 on joint ballot for his re-election two years ngo and that for Hanna this year is twice that majority. Hanna succeeded John Sherman in the senate March 5, 1897, by appointment from Gov. Bushnell, and when Hanna was elected for the unexpired Sherman term and the full term of six years ending March 5, 1905, he had only one majority after the most bitter contest that was ever waged in an Ohlo legislature. Senator Hanna will have the distinction of having the largest ns well as the smallest majority

of any senator elected from Ohio.
On account of the vote on five constitutional amendments the counting was delayed all over Ohio and when returns were received they could not be com-pared with those of any previous state election as the 71 municipalities with 6,000 population or over had been re-districted under a new municipal code that went into effect this year, and changed

municipalities. At 9:30 it was estimated that the repub liean plurality would not be less than 125,000, and that It might beat the record of 137,000 in the panic of 1894. The republicans at that hour had earried all the doubtful counties for members of the legislature that were heard from,

Returns from about one-third of the precincts indicate Herrick (rep.) for governor will have about 3,000 plurality in the eity of Columbus and about 2,200 ln Franklin county. Two years ago Kilbourne (dem.) for governor carried the eounty by 2,270. Indications are that all four of the republican representatives in the county will be elected, although the vote on one eandldate will be very close. An hour after midnight Chairman Diek.

of the republican state committee, gave out his last announcement for Tuesday night that the republican plurality would exceed 125,000; that the republicans had elected 26 and the democrats four state senators, with three districts not heard from; that the republicans had elected \$7 representatives and the democrats 11, with 12 counties not heard from, assuring a republican majority of 83 on joint ballot for senator with 15 votes not yet deter-

The repulicans elected J. E. Harding in the district that includes Butler, Brown, Clermont and Warren counties, all democratic except Warren. Butier is known in the state as the 'Gibraiar of democ-The republicans never before car-

ried this district. Cleveland, Nov. 4.-The Leader, republican, claims that this, Cuyahoga county, will give Herrick, rep., for governor, a plurality of 4,000.

Toledo, Nov. 4.-Twenty-three precinets out of 102 in Toledo indicate Herrick will have 2,600 plurality and republican legislative ticket will have 4,800. Steubenville, O., Nov. 4.—Weems, repub-

iican candidate for congress in the Sixteenth district, elected by 5,000 majority. Cleveland, Nov. 4.-At midnight Chairman Salen, of the democratic state executive committee, conceded the county to be republican by 5,000 majority. He also conceded the election of the entire republican county and legislative ticket. At the same time Mayor Johnson sent a message of congratulation to Col. Herrick on his election.

NEW YORK.

New York, Nov. 4.-After a remarkable campaign in which there was united against him nearly all of the newspapers and practically every minister of religion in the city, George B. McClellan, son of the civil war general, was elected third mayor of the Greater New York over Seth Low, fusionist, the present mayor, by a plurality of 61,414.

Edward M. Grout was elected controller and Charles V. Fornes, president of the board of aldermen. These two men were originally on the fusion ticket and were endorsed by Tammany, whereupon the fusionists took the names from the Low ballots and nominated other candidates, It was the nomination of Grout and Fornes by Tammany that caused Hugh Mc-Laughlin, the veteran leader of the Kings county democracy, to bolt and declare that he wouldn't support men who were not democrats. In splte of his defection, however, McClellan, Grout and Fornes earried Kings county. The management of their campaign there was taken over by State Senator Patrick H. McCarren

when McLaughlin refused his aid. A surprise was the low vote for Wm. S. Devery, former chief of police, who ran on an independent ticket, which was given practically no support. The re-sults show a tremendous change of public sentiment since Mayor Low's elec-tion two years ago when he won hy 31,-At that time he carried all the horoughs hut Queens, his piurality ln Man-hattan and the Bronx being 5,663 and Brooklyn 25,767 and in Richmond 763. In Queens, Shepard, dem., had a plurality

Tuesday McCiellan carried Manhattan and the Bronx by about 58,000, a gain of 63,000; Brooklyn by about 6.000, a gain of 31,000, and Queens by about 5,000, a gain of more than 4,000. This makes a total net gain for McCielian of about 103,000 as compared with Shepard's vote of two years

Low carried only one borough-Rich-mond-hy about 200 votes, The result was known early and at 9:15

Mayor Low sent a telegram of congrat-ulation to Col. McCiellan, Returns from the state indicate the election of republican mayors in Syracuse, Rome, Eimira, Plattsburg, Rochester, Albany, Binghamton, Watertown and Onelda. In Oswego, Utica, Schnectady, Troy and Amsterdam democratic mayors

were elected. Returns from the assembly districts up state indicate a few gains by the repub-licans, the returns up to 11 p. m. showing four republican assemblymen in districts formerly represented by democrats. From many of the up state assembly districts, however, no reports had been received. In New York county the republicans had gained one assemblyman, seven districts being unreported. The republicans gained a state senator in the 23d district, where a republican succeeds Charles McClelland, democrat, who resigned to accept a federal appointment. The senate holds over and is strongly re-

publican. The latest returns indicate that the canal proposition to widen and deepen the state canals to admit of the passage of 1,000 ton barges, has been earried by a majority of about 175,000. The proposition carries with it an appropriation of \$101,-

000,000. Returns at midnight from all assembly districts of the state gave the republicans a net gain of seven in the assembly with two districts in doubt, thereby increasing the republican majority in the state as-

sembly. Harvey Watterson, son of Col. Henry Watterson, of Louisville, was defeated by a very close vote in a strongly republican district in Manhattan.

Revised returns from Brooklyn with seven districts missing indicate that Borough President J. Edward Swanstrom fusion, has been re-elected by a small plurality. Earlier returns gave the cleetion to Martin W. Littleton, a McLaughlin democrat.

MASSACHUSETTS.

Boston, Nov. 4 .- John L. Bates was reelected governor of Massachusetts Tuesday by a plurality of about 37,000 over Col William A, Gaston, the democratic candi-With a dozen cities and towns to hear from, Bates had a lead of 32,315, but as the missing towns are all strongly republican, there was every indication at a late hour Tuesday night that the plurafity of the republican candidate would be practically the same as that of last year, although the total vote may run higher.

The legislature remains practically unchanged so far as the democrats and republicans are concerned, but the socialist which had three members last year, will be represented by only one, a member from Brockton. The socialist vote fell off considerably from last year, and the failure to re-elect Representative Carey, of Haverhill, one of the party leaders and a member of the lower branch of the legislature for the past five or six years, was one of the features of the election.

Boston, Nov. 4 .- With returns complete from every town and eity in the state, the total vote for governor was: Bates, rep.; 199,393; Gaston, dem., 163,544.

KENTUCKY.

Louisviile, Ky., Nov. 4.-Louisville, or Jefferson county, gave Beekham 5,200 maforlty over Beiknap in round numbers. Yerkes, rep., earried Louisville and Jefferson county at the last gubernatorial election by 5,100. This gain of 10,000 votes added to Beckham's majority of 3,500 nt the last election insures him a majority of 13,500 if all the other counties in the state duplicate their vote at the last gubernatorial election. Beekham, however, has made a total gain of nearly 2,000 in his total vote from the twenty odd coun-

tles heard from. The Eleventh district, composed of remote mountain countles, last year furnished 19,000 republican majority and will probably duplicate it this year. Returns from that district will not be completed before Thursday night. Beekham's majority outside the Eleventh district is estimated at 35,000. None of the counties in the district has been heard from.

PENNSYLVANIA.

Philadelphia, Nov. 4.-Estimates from the 67 counties of the state indicate a plurality for Mathues, rep., for state treasurer, of 217,784. Snyder, for auditor general, and Morrison and Henderson for judges of the superlor court were given approximately the same immense pluralitles. Snyder, who became the object of criticism because as a state senator he voted for what is popularly known as the 'Press Muzzler' law, was apparently eut very little. The returns Indicate republiean gains in 49 counties and democratie gains in the remaining 18 countles. It is apparent from the nature of the

estimates received during the night that the official count will increase the republican piurality to such an extent that It

The city complete gives Mathues, rep., for state treasurer, 163,316; Hill, dem., 26,-767; Patten, pro., 1,154; Smith, soc., 2,765; republican plurality, 136,549.

NEBRASKA.

Lincoln, Neb., Nov. 4.-Based on returns from 115 precincts outside of Laneaster eounty (Lincoln) and Douglass county (Omaha), the republican state central committee at midnight made the claim of the election of the entire republican state ticket by not less than 10,000 plurality. This claim is considered conservative and newspaper returns tend to confirm lt. At 2 o'clock Wednesday morning the

defeat of John J. Sullivan, democratic eandiate for the supreme bench, by John B. Barnes, republican, is conceded. The majority will be between 4,500 and 5,000. Sullivan carried this city by 1,200, but this majority was wiped out in the state. The entire state tieket is elected by majorities ranging from 5,000 to 7,000 in favor of

the republican candidates.

At 2:30 Wednesday morning Chairman Lindsay, of the republican committee, re- Jews at Kishineff, have been made.

vised his statement that Barnes was elected hy 10,000.

IOWA.

Des Moines, Ia., Nov. 4.-Returns received Indicate the re-election of Gov. Cummins by a plurality of 60,000 and of his associates on the republican ticket hy substantially the same pluralities. At democratic headquarters so large a plurality is not admitted. The legislature returns, although not compete, indicate little change from two years ago when the house contained 82 republicans and 18 democrats and the senate 40 republicans and 10 democrats. The democrats may gain two or three members of the

NEW JERSEY.

Trenton, N. J., Nov. 4.—The republicans in New Jersey Tuesday elected four of the six state senators and enough of the state assembly to claim hoth houses. The entire democratie assembly ticket was elected in Union county, which is a defeat for United States Senator Kean. The republican nominees who were favorable to his return to the senate were openly opposed at the polis by the anti-Kean faction in that county. The next senate will stand 14 republicans and 7 democrats. The house will stand 36 republicans and 24 democrats.

MISSISSIPPI.

Jackson, Miss., Nov. 4.-From returns received at midnight it is doubtful if the vote will reach thirty thousand. The ticket, headed by J. K. Vardaman for governor, is elected. An entirely new leg-islature was elected which will elect two United States senators. Senators H. D. Money and A. J. McLaurin, who were nominated in the August primary, wili have no opposition.

MARYLAND.

Baltimore, Nov. 4.-At 1 o'clock Wednesday morning the returns from Baltimore eity and the Maryland counties are meager owing to the length of the bal-lots, and therefore it is impossible to aceurately estimate the result. The indications, however, point to the election of Edwin Warfield, dem., as governor over Stevenson A. Williams, rep., and that the legislature, which will elect a United States senator, will also be democratic,

RHODE ISLAND.

Providence, R. I., Nov. 4.-At midnight the returns indicate the re-election of Gov. Garvin, dem., by a grently reduced The vote is very close, however, and the result probably will be in doubt until the last district is heard from The republican state central committee elaimed that fater returns would overcome Garvin's lead.

VIRGINIA.

Richmond, Vn., Nov. 4.-The elections in Virginia, which was for members of the assembly, have resulted in a demoeratic sweep of the state. There were few contests, the fleid as a rule being left open to the democrats. At 11:30 o'clock the outcome at the hardest fought points was still undeclded.

COLORADO.

returns from the election in this city and scattering returns from various parts of the state, there seems little doubt of the election of John Campbell, rep., for memher of the supreme court. No other offices was flifed by this year's election.

CALIFORNIA.

San Francisco, Nov. 4.-Incomplete returns received up to 9:30 p. m. indicate the probable re-election of Schmitz, the union labor candidate for mayor by a small majority. Partial returns from 117 precincts give Schmitz, 1,450; Crocker, rep., 1,252; Lane, dem., 766.

UTAH.

Salt Lake, Nov. 4.-Returns from 13 of the 52 city election precincts give Knox. rep., for mayor, 1,936; Morriss, dem., 2,-The returns indicate Morriss' election by at least 1,000 plurality.

KILLED IN A BOOTH.

A Political Dispute Ends In the Murder of Two Men.

Bristol, Tenn., Nov. 4.-A fatal election row occurred in an election booth at Fairview, Scott county, Va., Thesday. Two men were killed, one other fatally injured and one seriously. The dead are John Osborne and Ezekiel Nickeis. The wounded are J. H. Catron, shot through the neck, will die; Alexander Keys, shot in the right hip. The trouble arose over objections being made to C. P. Roller serving as a republican judge. Roller, it is claimed, had been selected by democratic election commissioners for service, Osborno and Nickels, the two dead men, were democratic judges and were brought into the quarrel on account of their official connection with the election. The two men who were killed shot Catron and Keys. Moro trouble is feared.

Twelve Shots Were Fired at Him in Lexington, Ky., Without Results.

Lexington, Ky., Nov. 4.-Twelve shots were fired at Capt. B. J. Ewen, the star witness in the feud cases recently tried in Breathitt county, as he passed along the dark end of Wainut street Tuesday night. The shots were fired from a blind alley. One went through his hat and another through the lapel of his coat, but none of them touched him. He was walking along with Judge W. H. Mann, at whose home he is stopping, and the judge had just crossed the alley in front of Ewen when the firing began. Capt. Ewen returned the fire.

Bloodhounds have been sent for and will be on the trail of the would-ba assassin before daylight. The assaitant is believed to be wounded. Ewen had remained in front of the Herald office watching bulletins of election returns which were displayed until after 9 o'clock, when he started home with Judge T. F. Mann. As they were passing a dark alleyway within 20 yards of Mann's home Ewen was fired upon. Mann had crossed the alley and Ewen, who was walking behind him, had just emerged into the alley. The form of a man rose from behind a stump and opened fire upon him. Mann ran as hard as he could without looking back. Ewen had his hand on the handie of his revolver as has been his usual custom since his experience in Breathitt county and because of threats against. his life. He returned the fire. Assailant and victim continued to fire until their pistols were empty and Ewen

For the Third Time Beckham Will Be inaugurated Governor.

Frankfort, Ky., Nov. 4.-When Gov. Beckham, of Kentueky, is again inaugurated ho will, technically at least, enjoy the unique distinction of having three times assumed the office. As lieutenant governor he succeeded to the position upon the assassination of the late Gov. Goebel, but in accordance with the state constitution could not servo out the unexpired term, because Gov. When the Baltimore reaches San Domingo orders will be cabled her to go to the istimus if the situation demands her presence. The most explicit instructions are being cabled Tuesday night to the American consuls at Panama and Colon, and to the commander of the Dixie, who will he in charge of the vessels on the Atlantic side, to direct nil their movement with this end ln view.

In the action of the Commonwealth of Kentucky versus F. Stanley Watson, Auditor's Agent, against S. E. Pollitt, et. als., in regard to the taxation of the Hieatt Fund, the Court of Appeals in its opinion says: "It seems to us that it cannot seriously be argued that the gift is not a purely public charity. The fund is devoted to the education of the poor and indigent children of the Minerva district. That echool district is as much an institution of education as the Kentucky State College, and in our opinion the fund in the hands of the trustees is exempt from taxation, both on the ground that it is devoted to a purely public charity, and is a gift to an institution of education not used for private gain." The home of these dolls is a little village in Germany, where an old Germ n by the name of Kurtz, famous for doll making, his father and his father's father made dolls and now his children and his grand-children are learning. We gave the order to his son to send them direct to us and now you wonder how we found out this little doll home, but that's our business. The price is \$1.19 for the best doll in this country and it's not too soon to begin dressing them. Come and bring the children.

VERY CLOSE

is the Vote in this Judicial District---Returns Indicate **That Democrats** Lose.

McKnight, Woodward and Cox Win in Race For Representative, Circuit Clerk and Senator.

Fight For Board of Education Results in Clean Sweep For the "Blue" Ticket. The New Councilmen-Tabulated Returns.

The election Tuesday passed off very quietly in this city and county. In a few precincts the clerks were rather slow, but in nearly all of the polling places most of the vote was in by noon. The vote in this city for municipal officers and Board of Education necessitated extra work on the clerks, and assistants had to be pressed into service.

Locally, interest was largely centered in the race for Circuit Judge and Commonwealth's Attorney. The district has always been very close, and the Democrats realized that they had a hard fight on hand, on account of some disaffection against Judge Harbeson growing out of decisions rendered during his two terms on the berch. The returns show that the vote is close, and it will probably require the official count to decide the question as to the Judgeship.

In the municipal election interest was centered in the fight for Board of Education. The "Blue" ticket, known as the "Sullie" tlcket, had things well organized in all the wards, and made a clean sweep. from city and county:
